NO EXCUSE SEEN FOR ASSESSMENT

Not Believed Real Estate Should be
Appraised Next Year Due to Price
Decline

WAY TO EQUALIZE BURDEN

Opinion Prevails Here State Board
Could Make Reductions as it
Made Increases

Rushville men who are familiar with the state tax law and have followed the taxation legislation through its various phases in the last two years, can not see the necessity of a reassessment of real estate next spring, as has been suggested from many quarters, for the purpose of equalizing the burden as between real estate and personal property.

Because of the fact that real estate will not be assessed again until 1922, it is argued that the decrease in the valuations put on personal property at the regular annual assessment next spring, due to the decline in prices, will put an unequal share of the taxes on the land owners.

It is admitted by men here who have studied the question that this is all very true—that real estate will have an unjust burden when taxes fall due in 1922—but they believe that there is a better and cheaper solution to the problem than another assessment of real estate.

It is pointed out that since the state board of tax commissioners still has authority to put horizontal increases on counties, by the same token the board should have the authority to make lump decreases in real estate assessments. It is doubtful if the law specifies, the board has authority to decrease assessments in any unit no smaller than a county, but if the law does not give the board the implied power, such power might be conferred on the tax commissioners by the regular session of the legislature which convenes the second week in January.

The expense is not the only objection raised here to an assessment of real estate next year. It is pointed out that the law provides for an assessment of real estate in 1922, which would make two in successive years. Ordinarily real estate is assessed only every four years, but the new state tax law provides for an assessment in 1922, three years after the last assessment, so that the old assessors may do the work. The law provides for the appraisal of real estate every four years after that.

It is reasoned that since investigations and comparisons by the county board of review last spring showed that real estate was assessed in 1919 at about 85 percent of its true cash value, a general 25 percent reduction in the valuation of real estate would place it near a par with personal property, which it is estimated, will average about sixty percent of the valuations this year, on which taxes will be paid in 1921.

It is also argued that the reduction should be made on real estate only because the value of improvements would not vary much from the prices fixed in 1919.

The total taxables in Rush county this year, on which taxes will be paid in 1921, amount to \$68,955,220. This less than last year when the total was \$69,556,555. A little less than half of the appraised value of all classes of property falls on real estate. The total value of all land in the county for taxation purposes is \$41,025,015 and the value of lots is \$1,578,340. Improvements on real estate are valued at \$3,771,085.

Prominent Woman Expires Following
an Attack Suffered on
The Sunday Before

FUNERAL TUESDAY AFTERNOON

Mull, a highly respected and prominent woman of Manilla died yesterday morning at 7:45 at the family homestead, death being caused from a stroke of apoplexy which she suffered on the Sunday before. The deceased was born in Bloomington, Franklin county, January 28, 1840, and was the daughter of Nimrod and Mary Masters Kerriek. She was married to Cyrus Mull at Mihoy on September 17, 1857, and lived in Manilla for 65 years. Mr. Mull having preceded her in death several years ago.

RUSHVILLE FORTUNATE IN ESCAPING THEFTS

Shelby, Johnson, Bartholomew and
Jackson Counties Have Epidemic
of Burglaries

PRECAUTIONS AT SEYMOUR

Rushville has been especially fortunate by not having been visited by the burglars which have made life for the people of Johnson, Shelby, Bartholomew and Jackson counties one continual nightmare during the last few weeks. It is a poor night which does not produce a first class burglary in one or more towns in these four counties. The county seats, Columbus, Shelbyville, Brownsburg and Franklin, as well as other towns in these counties, especially Edinburg and Seymour, have been put on the defensive by the continued robberies.

The people of Seymour reached the stage where they demanded drastic action and it has been taken by the mayor and the city council. Holdups have been a nightly occurrence here and practically every night if a robbery is not committed, attempts are made and the burglars are frightened away.

Two extra plain clothes men have been employed to help the police and fifty citizens have been deputized as special policemen. The plan is to have one man with police power in each block. They are subject to call at any hour in the night in case of a burglary scare.

BERT NEW NOMINATED

Washington, Dec. 20.—President Wilson has nominated Bert New of Indianapolis to be collector of internal revenue of the district of Indiana.

HOMEMADE CIDER IS NOT ILLEGAL

Ruling of Attorney General Will
Bring Sigh of Relief to Fellow
With Some in Cellar

UPSETS FORMER RULING

Internal Revenue Bureau Previously
Decreed Owners of Cider Were
Subject to Fine

No longer need a man with hard cider in his home be cautious. The United States attorney general, in a ruling given to the secretary of the treasury, has reversed the internal revenue bureau by deciding that the manufacturer of cider is permitted to keep it in his cellar even after it has become intoxicating by fermentation. The bureau of internal revenue had previously decreed that homemade cider must be "non-intoxicating in fact" although not necessarily containing less than one-half of one percent.

Secretary Houston asked for an opinion as to whether the term "non-intoxicating cider and fruit juices" means non-intoxicating in fact or containing less than one-half of 1 percent of alcohol. The phrase occurs in Sec. 29 of the prohibition act, which permits the manufacture of non-intoxicating cider for use in the home without a permit.

In answer, the attorney general held that the expression meant containing less than one-half of 1 percent, but added:

"In view, however, of what I understood Sec. 29 to mean, I am sure it would be misleading for me to content myself with this direct answer to your question."

Congress intended by Sec. 29 to prohibit the sale, but not the manufacture of intoxicating cider for use in the home, the opinion said.

"Congress seems to have recognized the peculiar nature of cider," the attorney general declared.

"When the juice of apples is pressed out the immediate result is cider. When this is done an intoxicating liquor, even within the definition of the prohibition act, has not been produced. But fermentation very shortly sets in, producing alcohol, and all that it is necessary to convert the cider into an intoxicating liquor is the lapse of a short time."

"Broadly speaking, one who has manufactured cider which has not yet had time to ferment has not manufactured intoxicating liquor."

Sec. 29 has manifestly sought to make it clear that it was not intended that one who manufactured cider and kept it in his home for beverage purposes until it fermented would be guilty of possessing intoxicating liquors unlawfully, the opinion stated.

"Sec. 29 says that to manufacture, this cider for use in the home shall not be unlawful," Mr. Palmer asserted. "Obviously it does not mean for immediate use or necessarily for use before it has had time to ferment. I think clearly the provision means that after being manufactured as sweet or non-intoxicating cider it may be kept in the home for future use without violating this statute."

Possession of intoxicating liquor is not prohibited by the eighteenth amendment, the attorney general explained, and the only offense against the enforcement act which a manufacturer of cider for use in the home could be guilty of would be having it in his possession after it ferments and produces alcohol.

SANTA CLAUSE IS JUBILANT TODAY

Happy Not Only Because of \$50
Check But Because Little Folks
Are Remembering

THREE OF THEM GIVE TO FUND

Lloyd George, 6, and Walter George,
4, Contribute Money Which
They Earned

Previously reported ----- \$313.59
Woman's Relief Corps ----- 5.00
Lloyd George ----- .25
Walter George ----- .25
Chas. E. Francis Co. ----- 50.00
Salvation Army kettle ----- 37.60
Mrs. Eve Gowdy and Mrs. R. E. Mansfield ----- 5.00
Industrial Club ----- 5.00
Walter B. Keaton ----- 2.00

Total ----- \$418.69

Santa Claus was jubilant today because he had just cause to be not only because there was a check for \$50 received for the fund today, but because the little folks have demonstrated that they have not forgotten, their more unfortunate friends.

Three youngsters today made contributions to the fund which will be used to make the children of Rushville happy. Lloyd George, age six, and Walter George, age four, sons of Mr. and Mrs. Frank George of North Perkins street, worked stacking wood for their father to earn the fifty cents which they contributed.

The fund today passed the \$400 mark and now gives promise of reaching last year's mark, \$550. Many friends of the unfortunate tiny tots of the city who have not yet given anything to the fund, are expected to come in the final week and help swell the total to unexpected proportions. The Salvation Army kettle did nobly Saturday by adding close to \$40 and all of this week it will undoubtedly bring in a handsome sum because of the streets being crowded most of the day with Christmas shoppers.

The lists of children to be remembered by the fund and the aged couples who are to receive baskets of food for a Christmas dinner, have already been completed and plans have been made for the buying and distribution.

J.T. AIKIN RESIGNS AS U.P. PASTOR HERE

Local Pastor Quits Charge After
Almost Five Years of Service
to go to Aurora, Ill.

ANNOUNCEMENT MADE SUNDAY

The Rev. John T. Aikin, pastor of the First United Presbyterian church in this city, yesterday tendered his resignation to the congregation, which will become effective as soon as it is accepted by the Indiana Presbytery, which will meet here on December 30 for that purpose.

The Rev. Mr. Aikin has been in charge of the local church for almost five years, and stated today that he regretted to leave here, but in accepting a charge at Aurora, Ill., he considered the change beneficial.

Before coming here, he was in charge of a church at Pittsburg, Pa. and it will be five years in February since he came here. The Indiana Presbytery will convene at the local church on Thursday, the 30th, for the purpose of considering his resignation, which no doubt will be acted upon favorably.

The other Protestant churches of the city will hold a union farewell service for Rev. and Mrs. Aikin on Sunday night, Dec. 26 or Jan. 2.

Pea proved to the satisfaction of the court that he was at work at a local foundry on Sunday night, when he was alleged to have been in the soft drink parlor.

The case of Ralph Pea will be heard in the morning and that of Ralph Wagoner tomorrow afternoon. The charges are the same as the one this morning. Jesse Winkler and John Alsop will be tried Wednesday morning for renting the building for gambling purposes.

Walter English was arraigned before Mayor Irvin Saturday afternoon and paid the fine of \$5 and costs for gaming. He was also implicated by Hokey.

INDIANAPOLIS BANK IS LOOTED

Theft of Between \$6,000 and \$15,000
at Indiana National is Discovered Today

ENTER THROUGH SKYLIGHT

Yeggmen Fail to Force Big Vault
But Steal Currency in Book
Vault, Second Daring Robbery

(By United Press)

Indianapolis, Ind., Dec. 20.—Yeggmen looted the book vault of the Indiana National bank of between \$6,000 and \$15,000 either last night or Saturday night, it became known today when the bank doors were opened.

The robbers entered the bank through a skylight and took paper money deposited by customers last Saturday afternoon. Silver and checks were left untouched.

Frank Stalnaker, president of the bank, said that until after a careful check, the exact amount of the loot could not be determined, but stated that he believed the amount would be between \$6,000 and \$15,000.

The two story structure is located at Pennsylvania street and Virginia Avenue. This is one of the prominently located corners in the city and the robbery was equal or surpassed in daring that of Selig's cloak and suit house, a block distant where \$11,000 worth of fur coats were taken Saturday night.

The robbers failed to force the main vault and the money taken was that left in the book vault after the big vault had been closed for the day.

Through a number of finger prints found on doors and showcases at the place, detectives today hoped to get some clew that may lead to the identity of the burglars who broke into the Selig store.

An examination of the finger prints on the glass cases from which the furs were taken was made today by Bert Perrott, Bertillon and finger print expert for the police department, and Detectives Manning and Reynolds, and the impressions taken are to be compared with the records in the Bertillon department.

Detectives believe that the finding of several blood stains on the broken glass, also may aid to serve them in their investigation of the case.

Police departments in all surrounding cities and towns have been notified of the robbery and have received descriptions of the missing articles.

The loot consisted of valuable fur coats, coats, wraps and scarfs of sable, mink, squirrel, Hudson seal and fox. The inventory made by officials of the store showed that thirty-one pieces are missing.

BANDITS HIT NEW YORK

Crime Wave on the Increase in Greater Manhattan

New York, Dec. 20—With one man shot by bandits, the New York Crime wave continues. Carl Teiderman, an automobile salesman, was held up by bandits and fatally wounded in a lonely district of New York.

Citizens today was confronted with the statement of Mayor Hylan in which he said the great crime lobby is being played in all parts of the country and the only way to safeguard against it is to keep all hotel doors locked and when a messenger is sent with a large sum of money, the police should be notified and other such moves be taken.

The Republican Woman's club wrote the mayor, urging him to call out the militia.

A Yuletide Blessing

By Ralph Hamilton

CHRISTMAS CHEER was in the air everywhere. The sleigh bells had a special tone for Ned Graham as he sped over the glittering snow homeward bound, the melodious clang of the skates along the river course made perfect music to his enraptured ear, the stars appeared to shine with a new luster—and all for him, he almost fancied, on this the first Christmas eve he could remember where peace on earth, good will to men had a real vitalizing meaning, and himself a part of it all!

Left an orphan at eight, for five years he had been the slave of a miserly old being. Then Victor Wade, a distant relative, and his wife Alice had taken Ned to their humble little home. "You have no children of your own and a blessing will come to you for caring for this poor outcast," the village clergyman had told them, and indeed his words had come true. He nestled down into their hearts and gave them an obedience and love.

And Ned as well shared the shadow that hovered over their lives. Alice was the only daughter of the richest man in Brompton. She had married Wade against the wishes of Martin Brill, who had from that hour shut both of them out of his life.

"He can't treat my dear, good mother that way!" declared Ned sturdily to a chum. "Some day I'm going to let him know how mean he is to the best two people who ever lived."

Mr. and Mrs. Wade had gone to a Christmas entertainment and Ned was speeding homeward full of holiday plans.

Dashing through the gateway Ned came to a sudden halt. A light showed in the parlor, the porch window of the room was open, and plainly visible inside was a rough-appearing man tossing over the packages grouped under the little tree.

"It's a burglar!" gasped the startled Ned, "and stealing our Christmas presents! Hey, you! get out of there or I'll shoot you full of bullets!" and

A Rough Appearing Man Tossing Over the Packages.

Ned ran to the window, drew a revolver from its case and presented it in menacing view.

The intruder turned, dashed from the room into the hall and disappeared. Valiantly triumphant, Ned went back to the parlor, for the first moment noticing a small satchel lying open on a chair. It somewhat thrilled him to observe strange-looking articles of steel within.

"Burglars' tools!" whispered Ned, fairly awed. "And here's a great big wallet stuffed full of papers and bank notes, and right across it is stamped the name of 'Martin Brill' in gilt letters. Say! This fellow must have robbed the old man before he came here."

Half an hour later Ned stood in the garden of the Brill home. Gazing into the one lighted room of the place he saw Brill tied to a chair and striving to dislodge a gag in his mouth. He was frantic; he tore his hair; incoherently he babbled forth the visit of a night marauder as Ned released him.

"You're the Wade boy, aren't you?" he quavered. "You've done me a good turn. Do another. Call the police."

"Say," interposed Ned, "if you'll come with me I'll see that you get your wallet back."

"What—why—come with you—where?"

"To your daughter's home. A funny thing has happened, and if you want your wallet back you've got to go with me there."

Half distracted, fully mystified, Martin Brill consented to the strange proposal. Arrived, Ned told his story, produced the wallet and restored it to its owner.

"Oh! Ned, you've won my eternal gratitude!" cried the delighted old man, but paused abruptly, his eyes fixed upon a decorated framed portrait of himself.

"Mr. Wade got the holly for that," said Ned, "and your daughter trimmed it. They do that every year."

Martin Brill sat staring at the portrait, a dim mist crossing his eyes. Ned stole quietly from the room as he heard footsteps on the front porch.

"Sh-h!" he whispered, reaching it. "Mother, you've got a visitor."

"Why, who is it?" asked Alice surprisedly.

"Santa Claus, I'm thinking," was the prompt response—and it was.

A Tariff at Once

Some commendation is due to the ways and means committee of the house of representatives for planning an early consideration of the tariff question because that was one of the pledges of the republican platform and should be redeemed at the earliest possible moment consistent with the question in hand.

No definite action can be taken until the special session has been convened in the spring, but action will be hastened by hearings which are to be held, beginning in January, on the various schedules of tariff legislation under republican principles. The purpose is to impose import duties which shall represent at least the difference in cost of production in the United States and in foreign competing countries. There is no purpose to impose a prohibitive import duty except possibly in some particular industry which is vitally important for the welfare of the country and which experience has shown is endangered

ASPIRIN

Name "Bayer" on Genuine

Take no chances with substitutes! Unless you see the name "Bayer" on package or on tablets you are not getting genuine Aspirin prescribed by physicians for twenty-one years and proved safe by millions. Take Aspirin only as told in the Bayer package for Colds, Headache, Neuralgia, Rheumatism, Earache, Toothache, Lumbago and for Pain. Handy tin boxes of twelve Bayer Tablets of Aspirin cost few cents. Druggists also sell larger packages. Aspirin is the trade mark of Bayer Manufacture of Monoacetic-acidester of Salicylicacid.

by "dumping" practices followed by our foreign rivals.

The measure of protection needed by any industry is a question of fact which must be determined by taking the testimony of men in a position to speak with authority. Undoubtedly the Tariff Commission has gathered some facts which will be of value. These facts can not be accepted, however, without opportunity for presentation of other facts within the knowledge of American citizens who would be affected by tariff legislation.

The immense quantities of Canadian wheat which have been shipped into the United States in recent months, the importations of butter from Denmark, and of hides and meat from Argentina, wool from Australia, vegetable oils from the Orient, and cotton manufactured good from Great Britain, are all indications of the keen competition practically all American industries must meet within the new few years. America has no desire to close her doors against foreign importations. The nation does desire, however, to impose such an import tax as will equalize conditions for the American producer, so that American labor shall not be compelled to compete at a disadvantage with the cheap labor of other countries.

It will be well if business men—producers and consumers—follow closely the reports of the hearings before the Ways and Means Committee next month. A tariff bill is to be framed in the interest of the whole country in behalf of all classes of producers and not in behalf of any one section or class. Free discussion of the subject and communication with Members of Congress by men who have information concerning costs of production and the extent and effect of foreign competition will be of assistance to Members of the Senate and House of Representatives.

If this immigration stunt keeps up much longer we Americans can just slide over to the old countries and make ourselves blissfully at home. There'll be no one left there to say us nay.

"All work and no play makes Jack a dull boy", they say. And, we might add, all play and no work makes him a mollycoddle.

BANDITS SNATCH FURS FROM BACKS OF WOMEN

500 Fur Coats Were Stolen From Women Last Year, Says I. C. Greenburg

TEN FUR STORES ROBBED

Chicago, Dec. 20—Bandits have started snatching fur coats from backs of Chicago women, according to police reports, and many women of Chicago's "Gold Coast" now leave their expensive furs and wraps home at nights, wearing garments of ordinary textures.

"Five hundred fur coats were snatched from the backs of women last year", said I. C. Greenburg, secretary of the Associated Fur Industries. "From present indications the record will be equalled this winter".

Greenburg, whose organization was formed to protect fur merchants and manufacturers from

burglary, said that furs valued at \$500,000 were stolen here during the last year. He alleged the fur thieves have the backing of a powerful fur thieves trust that has "fences" in all large cities.

Police reports show that ten fur stores have been robbed recently of \$70,000 worth of furs and that many women and girls have had their coats stolen from the backs at the point of revolvers.

Greenburg said that fur-snatchers and bandits get only 15 percent of the value of the coats from the "fences" through whom they deal. He said the "master mind" of the

"fur thieves trust" direct the places to be robbed and gets most of the proceeds.

JOHN LEWIS RE-ELECTED

Vote in Mine Workers Union is Victory for Conservatives

Indianapolis, Ind., Dec. 20—John Lewis, has been re-elected international president of the United Mine Workers of America, Ellis Searles, editor of the Union Workers' Journal, said today.

He based his assertions on incom-

plete returns from the union election held December 14. Unofficial returns have been received from every district in the country but none of the districts is complete.

Mr. Lewis has administered a crushing defeat to Robert Harlan of Washington, candidate of the opposition, Searles stated. It is stated the majority for Lewis will be a landslide and a victory for the conservatives.

Shaw, Local Floor Guard, Shoots Basket From Center of Floor in Last Minute of Play

BLUE RIDGE LOSES, 22-21

Odd Fellows Tuesday Night Meet Arlington, Which Defeated Ferndale Five in Indianapolis

The Odd Fellows basketball won out Saturday night at Blue Ridge by the close score of 22 to 21, the game being won in the last minute of play when Shaw, local floor guard sent in the ringer from the center of the floor.

The Odd Fellows will line up here tomorrow night with the Arlington Athletic club, and a big game is expected by all of the fans. Arlington won Saturday night from the Ferndale club in Indianapolis by the score of 21 to 13. The Ferndale team won the independent championship of Indianapolis last year.

In the game Saturday night the Odd Fellows showed real class, and kept even with the Blue Ridge team from beginning to end. The first half ended 18 to 17 in favor of Blue Ridge, and in the last half they were unable to make a field goal, getting their three points on fouls.

In the second half Blue Ridge began to go away and when the score stood 20 to 17, it looked doubtful for Rushville, but quick action and consistent playing won the game. For several minutes before the end, the score stood 20 to 20, and excitement was at high pitch.

Blue Ridge plays a return game here in January. The game tomorrow night will be preceded by a curtain raiser between the two high school teams from Arlington and the Webb school. Additional seats have been installed in order to take care of the increasing crowds.

The score and summary: Odd Fellows (22) Blue Ridge (21) Tittsworth ----- F. --- Rockefeller Hilligoss ----- F. --- Marshall Martin ----- C. --- Tillison Shaw ----- G. --- N. Marshall Petry ----- G. --- Wagner

Substitutions: Rushville, Seales for Hilligoss; field goals, Tittsworth 3, Hilligoss 3, Martin 3, Shaw, Tillison 4, Rockefeller 3, Marshall. Foul goals, Rockefeller 5, Tittsworth 2. Referee Keppel.

Amusements

Charles Ray Here Two Days

Wade Boteler, remembered for his brilliant portrayal of the mess sergeant in Douglas MacLean and Doris May's recent comedy of youth and laughter, "Twenty-three and a Half Hour's Leave" has become a popular figure at the Thomas H. Ince's Studios in Culver, City, California, where he has been assigned several important roles in support of Thomas H. Ince stars.

Audiences who enjoyed Boteler's work in the MacLean-May vehicle, will have an opportunity of viewing him in a still better role in "An Old-Fashioned Boy," starring Charles Ray, which comes to the Princess Theatre today and Tuesday. This shows him in a splendid interpretation of the "villain" in the play. "An

Old-Fashioned Boy," adapted to the screen by Agnes Christine Johnston was directed by Jerome Storm and is a Paramount picture. Ethel Shannon is Mr. Ray's leading woman.

"Respectable by Proxy"

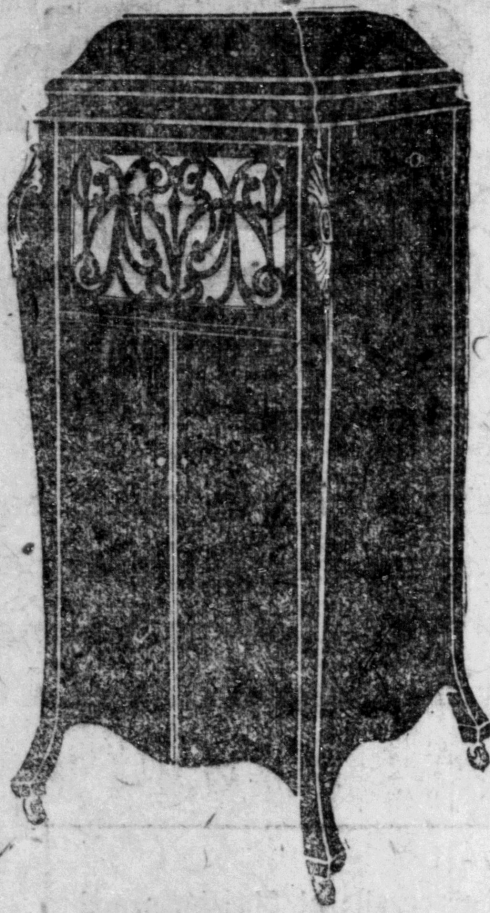

You would hardly expect any man to need an introduction to his widow; in fact, you wouldn't expect a man to be able to meet his widow, but both of these happen in "Respectable by Proxy," the romantic comedy that J. Stuart Blackton has concocted with a generous dash of spice.

Robert Gordon enacts the role of the young Southern gentleman whose guilelessness leads him into the trap of a scheming fourth-rate actress. Six days after their marriage he is hot-footing it for Siberia where he hopes for kinder treatment.

A year later he returns to his ancestral home to find his mother and wife mourning him as dead, he having been reported missing in a shipwreck. But the wife he finds in his home is not the wife he left, but a very sweet and gentle and refined person whom he falls madly in love with, and when you consider that it's beautiful Sylvia Breamer, you can't blame him at all.

At the psychological moment enter the real wife and a villain who thinks he has set the stage for a nice little denouement. No one could ask for a better climax than the one that brings "Respectable by Proxy" showing today and tomorrow at the Mystic Theatre to a successful termination.

A New Adventure in Friendship

"My husband claims his dog is his most satisfactory friend. I claim mine is Sonora," declared a young matron the other day.

Well might she say it.

Sonora offers versatile companionship for every occasion and mood.

Its graceful appearance and high-grade cabinet work lend beauty and culture to the home.

Its world-wide reputation is a pleasant and flattering thing to be associated with.

But best of all, its uniquely human quality of tone gives it a beloved personality which makes it warrant that highest praise—"true friend."

All makes of disc records are played perfectly by Sonora. All graduation of volume, from the softest strain for an audience close at hand to the powerful swell for a large concert hall, can be had on Sonora without the slightest impairment of clarity and beauty of tone. A tone modifier which controls at the source instead of the exit, accomplishes this.

Rewinding after every other record is unnecessary on Sonora. An extra long-running motor plays from 15 to 45 minutes (according to the model) at a single winding. There is no pounding or thumping with a Sonora motor. It runs with the silence and reliability of a delicate, jewel-movement watch.

Metallic harshness and "blurring" of tone is never heard on a Sonora. Its vibrating tone passage, especially designed by scientific, patented process, prevents this. The mellowness of wood and the exclusive features of construction produce a tone as warm and rich and vibrantly alive as the original.

You have only to hear the Sonora tone once to understand why a competent jury of experts at the Panama-Pacific exposition awarded highest score for tone to the Sonora phonograph. It is the master of phonographic music.

BIG GAME OF LOCAL SEASON WEDNESDAY

While Not Decisive, Milroy Contest Will Point The Way to District Honors

VISITING FANS ARE COMING

Probably no other basketball game on the high school schedule will attract as much interest as the game which will be played here Wednesday night, when the Milroy team comes here for a return game, after giving the local team a beating on their floor about a month ago.

The local players have recovered from the effects of the Shelbyville game, and expect to be in first class shape for the big game. While the game will not be decisive, yet it will end to point a good way toward the winner of the district honors here in March.

It is needless to say that Milroy will bring a big rooters gang with them, and the local management will reserve a few hundred seats for them. The doors will not open until seven o'clock.

A preliminary game will be played between the local second team and the first team from the Glenwood high school, beginning at 7:15 Wednesday night.

ENCAMPMENT NOTICE

The many odors of perfumes and powders, with their delicacy of fresh flowers, makes a gift that would be appreciated by any woman. We have many sets very suitable for Christmas giving as well as a lasting remembrance.

HOSIERY OF PURE SILK

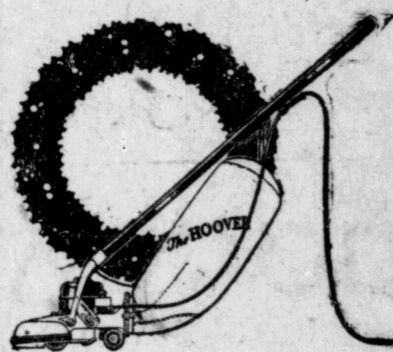

There is no finer hosiery for gift-giving than Gordon hosiery—with its shapeliness and style—its snug, elastic fit. This hosiery embodies the grace and trimness that women now seek. Christmas stockings show a full range of sizes and favored colors in pure silks, lises and wool sport hose.

BEAUTIFUL GIFTS OF IVORY

Ivory ware is always popular for a gift, and it is easy to select a gift of taste, beauty and utility for any one. We have various sets and individual pieces. Also a wide range of leather covered manicure rolls.

The spirit of giving prevails at Christmas and we all try to select gifts that will express our thoughtfulness. Give a HOOVER to wife or mother. Such a gift will lighten home labor, eliminate much house work drudgery and will last a life time.

The HOOVER eliminates ALL destructive, embedded grit, surface dust and lint. The action of the HOOVER during the cleaning operation is such that the colors are freshened and revived. During this week we are having a special demonstration in our store of The HOOVER. Come in and let us show you how efficiently this economical machine fulfills the claims made for it. You will be down town for Christmas shopping and will probably be in our store several times during the week.

Let us suggest the desirability of buying a HOOVER now to be delivered for Christmas.

NEWCASTLE HIGH WINS

The Newcastle high school basketball team doubled the score on the Connorsville high school team Saturday night at Connorsville, the final score being 23 to 11. The Newcastle team proved to be too fast for Connorsville. Rushville plays at Newcastle Friday night, and because Rushville is heavier, the chances are that the two teams will have an even break on the large floor in that city.

TO FIGHT AUTO THIEVES

Stansbury to Establish Auto-Theft Bureau in Indianapolis

Indianapolis, Ind., Dec. 20—When Attorney General Ele Stansbury goes out of office, he will fight automobile thieves, he has announced. The attorney general will establish an Anti-Auto-Theft bureau in Indianapolis and will put into operation a system which he believes will practically stop automobile stealing.

Stansbury has sent a letter to every sheriff in the country asking him to induce every automobile owner in his territory to send in their names and license numbers. The owners thus registered will form a Vigilance Committee in each county, Stansbury says. The vigilance committee and Stansbury's bureau would cooperate to prevent automobile thefts.

300 YEARS AGO THE PILGRIMS LANDED

Plymouth, Mass., Celebrated The Anniversary Today Almost on Spot Where They First Set Foot

STAGED IN COLONY THEATRE

Hundreds of Direct Descendants of Pilgrims Were There to do Honor To Their Ancestors

Plymouth, Mass., Dec. 21—Three hundred years ago today in the bitter cold of a northern winter, a little band of intrepid men and women seeking freedom of religious thought and action disembarked from their staunch little vessel the Mayflower, and started the first settlement in the wilds of what is now Massachusetts.

The three hundredth anniversary of the landing of the Pilgrims was celebrated here today almost on the very spot on which the first settler set foot. Ceremonies commemorating the day were carried out in the shadow of historic Plymouth Rock.

Hundreds of direct descendants of the Pilgrims were here to do honor to their ancestors.

The ceremonies were staged in Old Colony Theatre, in which were assembled scores of prominent men and women of the nation and representatives of foreign countries.

Among those who took part in the ceremonies were, Calvin Coolidge, vice-president-elect; Sir Auckland Geddes, Ambassador from Great Britain; General Robert Georges Nivelle, representing France and many others.

Louis K. Liggett who presided at meeting presented Vice President-elect Calvin Coolidge, who in a brief address paid tribute to the work of the Pilgrim Tercentenary Commission, which arranged the celebration, and spoke on the landing of the Pilgrims.

Senator Henry Cabot Lodge, a Pilgrim descendant, made the principal address of the celebration on the "Pilgrims of Plymouth". He painted a vivid picture of the landing of the little band of settlers in a wild and unknown country in which they were beset by many dangers in their efforts to establish homes. Outlining their reasons for seeking homes in an unknown country, Senator Lodge described their trials in the years which they sought to gain a living from the virgin soil. He told of their mode of governing themselves and of their struggle against the Indians.

Following Senator Lodge's address, the audience, led by Rev. A. B. Whitney, of the First Church of Plymouth, knelt in prayer for several minutes.

Plans now under way to beautify Plymouth harbor, removing unsightly wharves and waterfront property and making it a natural park in the center of which will stand the weather-beaten Plymouth Rock, were explained to the audience.

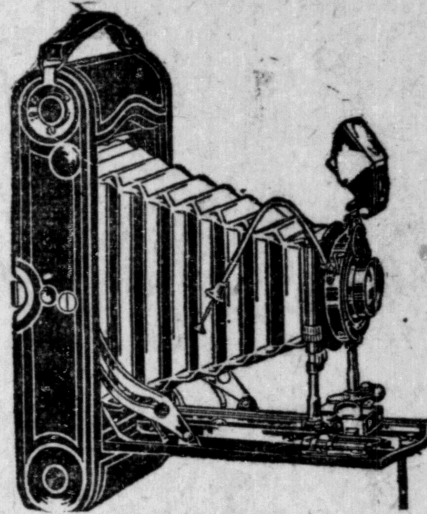

The decorations in the theatre were reminiscent of the early days of Massachusetts and the Pilgrim settlement, and the ushers, members of the Boston Women's Club, were dressed as Pilgrim maidens.

After a luncheon the visitors and distinguished guests were taken to the historic scenes in old Plymouth where they heard again the story of the landing of the Pilgrims.

Efficiency at the Throttle

THE automobilist appreciates good gasoline most when he steps on the throttle and notes the efficiency in performance of his engine—blueprint efficiency alone means little to him.

Knowing this, the Standard Oil Company (Indiana) has devoted much of its energy to the development of a motor gasoline which not only stands the grueling test of research laboratories, but which has proved its efficiency in thousands of cars operated under every-day road and weather conditions.

The Company has studied the needs of the motorist at first hand, and has developed Red Crown, its motor gasoline, to a point where it meets exactly the needs of the automobile engine operating under conditions obtaining in the Middle West.

The efficiency of Red Crown symbolizes the spirit which animates the Company as a whole in its endeavor to render an intelligent, efficient service to the public generally.

The tremendous increase in the number of automobiles and trucks from 1,253,000 in 1914 to 7,459,507 in August, 1920, has made more apparent than ever the absolute necessity of a comprehensive, dependable system of distribution.

The development of such a system has changed from something merely desirable to something vitally necessary. The best gasoline in the world is useless if you cannot get it when you want it.

Every step from refining to final delivery is of such importance to the Standard Oil Company (Indiana) that its interest never abates until its gasoline is delivering maximum motor mileage; until its lubricating oils are helping do the work of the world to the satisfaction of the ultimate consumer.

The greatly increased yield of gasoline which this Company has been able to recover from the crude obtainable has been accomplished without sacrifice of quality.

Red Crown and Polarine performance are the best proofs of Standard Oil Company (Indiana) service.

ROTARY CLUBS TO AID RELIEF WORK

750 Organizations in United States
Appealed to For Aid in Euro-
pean Relief Campaign

HERBERT HOOVER PRESIDENT

Relief Council is Expecting to Raise
\$33,000,000 in This Country
For Their Work

Chicago, Dec. 18.—The 750 Rotary Clubs of America have announced their active participation in the Hoover \$33,000,000 European Relief Campaign. Chesley R. Perry, General Secretary of the International Rotary Clubs, with headquarters at 910 South Michigan Avenue, issued an official appeal today to Rotarians throughout the United States to throw their influence and personal assistance into the work of the European Relief Council of which Mr. Hoover is Chairman.

"We are sending out printed word to every Rotary Club Officer," said Mr. Perry, "asking him to cooperate with the Hoover organization in his city, to help spread publicity for the movement and to assist in the money raising enterprise which we deem the most worthy before the American public today. Mr. Hoover's appeal to save the 3,500,000 starving children of Europe represents a call to the practical Christianity or humanitarianism of the nation."

"Our letters are going to every Rotarian in the country. This means that every city in the United States will have from 50 to 500 influential business men devoting themselves to the work of helping the Hoover organization put over

G. H. HILL of Brattleboro, Vt., who says he never felt better in his life than he does now, although before taking Tanlac he was in such a run down condition he wasn't able to do a day's work for three months. Says he has gained thirty pounds.

"It may sound unreasonable, but when I began taking Tanlac I only weighed 114 pounds and had not been able to work for over three months. Today I have as much strength and energy as I ever had and have actually gained 30 pounds in weight. In fact, I have never felt better in my life, and I owe the remarkable change in my condition to Tanlac and Tanlac alone."

"To tell the truth, I don't know what would have become of me if it hadn't been for this medicine, for I had just about lost my health completely and the treatment I was taking was doing me no good. In fact, I hardly had strength enough at times to walk across the room."

"My principal trouble was indigestion, and I also suffered from catarrh and nervousness. My stomach was in such a weakened condition that I rarely ate any breakfast and had to live on a very restricted diet."

"After reading about Tanlac I decided one day to give it a trial, and it seemed to suit my case perfectly, for in only a short time I was able to go back to work. I just want to be eating all the time now, and everything—even onions and pork—agrees with me perfectly. I shall always praise Tanlac."

The above statement was made recently by G. H. Hill, a well-known and highly respected citizen of Brattleboro, Vt.

Tanlac is sold in Rushville by F. B. Johnson Co., in Milroy by Dallas Copper, in Canilla by Geo. J. Inlow, in Arlington by Mrs. L. T. Davis, in Carthage by Otto C. McCarty, and in New Salem by Mrs. Jos. Hankins, R. R. 2.—(Adv.)

its campaign. We intend not only to stir up enthusiasm for the campaign among ourselves but to participate actively in spreading this enthusiasm in all the communities in which we have representation, in working hand in glove with the Hoover organization existing in each of these communities. There is no doubt but what the American business man, practical and substantial though he is, regards the Hoover campaign to save a generation of children from starvation next year one of the most essential projects in our national life.

The European Relief Council is appointing state and sectional directors throughout the nation. Prominent men and women are giving their time and money to head up the comprehensive relief drive which the Council has planned for the gathering of the \$33,000,000.

Mr. Hoover will arrive in Chicago today (Friday) to confer with local leaders of the European Relief Council concerning their plans for working out this campaign.

C.C. DEAM PLANTS 3 ACRES WALNUT TREES

State Forester is a Firm Believer of Planting Walnut Trees to Re forest This State

IS MOST VALUABLE TREE

Indianapolis, Ind., Dec. 20—Charles C. Deam, state forester for the department of conservation, is a firm believer and constant advocate of planting walnut trees in the plan to reforest this state. He thinks so well of the walnut that he planted three acres surrounding his home at Bluffton with this species. Mr. Deam planted the walnuts, spacing them eight feet apart. He expects the trees will be developed sufficiently in fifteen years to bear a valuable nut crop, the market for which is now strong and with indications of improvement. Mr. Deam favors the walnut for planting in small tracts set aside for forestry, as well as for roadside planting, from the fact the trees do not produce an overabundance of shade which might kill vegetation at their roots, and also from the fact when the timber is of marketable size, it always commands a handsome price. Walnuts better than most species, can withstand the attacks of destructive insects.

IRELAND HAS TOO MANY YOUNG MEN

Labor is Found Backing Decree of Dail Eireann Which Forbids Emigration

DE ROISTE MAKES STATEMENT

Surplus of Labor That Cannot be Used on Tiny Farm Works to Disadvantage of Unionism

By RUSSELL BROWNING (U. P. Staff Correspondent) Cork, Nov. 18 (By Mail)—"The trouble with Ireland is that there are too many young men" said Lord French. These are about the only words of the Ciceroy that are quoted in Ireland. But it is a rare discussion of Irish woes, political or economic, where Lord French's diagnosis is not commented upon.

Alderman Liam de Roiste, Sinn Fein M. P. for West Cork, and one of the leaders in the attempt to divorce Ireland economically from England, prefaced an interview with the United Press with a reference to Lord French's statement. "Ireland has too many young men," said Mr. de Roiste, "if the country is to be kept purely agricultural and Irish industry handicapped by unfair British trade regulations."

"For the moment," continued De Roiste, "the majority of Irishmen are welded together in an endeavor to throw off the British yoke. Labor is found backing a decree by Dail Eireann (Sinn Fein parliament), namely, the order forbidding emigration, which on its face in the present state of industrial development is inimical to their own interest.

"There is a surplus of labor that cannot be used on the tiny farms and that works to the disadvantage of trade unionism. If emigration is completely restricted it will mean the saving to the motherland of forty thousand young men who before the war annually sailed from the port of Queenstown for America.

"They are needed for the Irish Republican Army, and for the factories that will spring up when Ireland is free."

THAT BAD BACK

Do you have a dull, steady ache in the small of the back—sharp, stabbing twinges when stooping or lifting—distressing urinary disorders? For bad back and weakened kidneys—Rushville residents recommend Doan's Kidney Pills. Ask your neighbor! Read this Rushville woman's statement.

Mrs. Will Stout, Cor. N. Oliver & 10th Sts. says: "I can certainly say a good word for Doan's Kidney Pills for they have done wonders for me when I have used them. I was suffering with my back which was very lame and sore. When I did any lifting or stooping, sharp pains would catch me in the small of my back. My kidneys felt dull and they were too free in action. I heard of Doan's Kidney Pills and got a box. They rid me of the trouble in a short time."

PANAMA BEAUTY HAS POLITICAL POWER

Granddaughter of Ex-president Le Fevre is Playing Man's Part in Affairs of Her Nation

WIDELY KNOWN IN AMERICA

By RAYMOND L. CLAPPER (United Press Staff Correspondent, with President-elect Harding)

Panama, City, R. P. (By Mail)—A dashing, vivacious black-eyed Panamanian beauty, granddaughter of ex-president Le Fevre, and a social leader of the republic's capital, is playing a man's part in the affairs of her nation, although women are without the ballot here.

All bow down before the large dark eyes of Anita Ehrman, especially her grandfather, who is deeply devoted to her and is a power in Panamanian affairs. And there are others influential in the republic who are suitors for the elusive hand of Anita's brilliant mind that many moves of the chess board of intricate Panamanian politics can be traced.

Of a distinguished family here, descended from Spanish, English and Alsatian French ancestry, educated in the United States, Anita is without the provincialism of many of her countrywomen and this has proved a fortunate factor in the development of Panama's international relations. Widely acquainted in Washington and in the society circles of other American circles, her

cordial feeling and fascinating personality have served time and again to smooth out some irritation. To the surface observer she is a belle of the party, with admirers crowding around her, but to the knowing Panamanian, there is likely serious talk floating over her fan and the quiet chat on the balcony over the peaceful moonlit bay may as likely relate to the affairs of state as to the pretty compliments of Latin gallants.

WOULD BREAK THE FAITH

Senator Reed Declares Harding Should Reject The League

Marion, Ohio., Dec. 20—President Harding would be breaking faith of the American people to enter a league of nations which would set up a superior government, Senator Reed, of Missouri, said in a statement issued here.

He indicated however that he believed an association of nations organizations for a conference clarifying disputes, might be helpful toward preventing war. The idea of a referendum of war is impractical, he said.

Washington, Dec. 20—Testimony on the alleged illegal distribution of ballots in the 1918 election in Michigan, between Henry Ford and Truman H. The next step by the senate committee in the controversy will be the recounting of the ballots.

NO EXCUSE SEEN FOR ASSESSMENT

Not Believed Real Estate Should be
Appraised Next Year Due to Price
Decline

WAY TO EQUALIZE BURDEN

Opinion Prevails Here State Board
Could Make Reductions as it
Made Increases

Rushville men who are familiar with the state tax law and have followed the taxation legislation through its various phases in the last two years, can not see the necessity of a reassessment of real estate next spring, as has been suggested from many quarters, for the purpose of equalizing the burden as between real estate and personal property.

Because of the fact that real estate will not be assessed again until 1922, it is argued that the decrease in the valuations put on personal property at the regular annual assessment next spring, due to the decline in prices, will put an unequal share of the taxes on the land owners.

It is admitted by men here who have studied the question that this is all very true—that real estate will have an unjust burden when taxes fall due in 1922—but they believe that there is a better and cheaper solution to the problem than another assessment of real estate.

It is pointed out that since the state board of tax commissioners still has authority to put horizontal increases on counties, by the same token the board should have the authority to make lump decreases in real estate assessments. It is doubtful if the law specifies, the board has authority to decrease assessments in any unit no smaller than a county, but if the law does not give the board the implied power, such power might be conferred on the tax commissioners by the regular session of the legislature which convenes the second week in January.

The expense is not the only objection raised here to an assessment of real estate next year. It is pointed out that the law provides for an assessment of real estate in 1922, which would make two in successive years. Ordinarily real estate is assessed only every four years, but the new state tax law provides for an assessment in 1922, three years after the last assessment, so that the old assessors may do the work. The law provides for the appraisal of real estate every four years after that.

It is reasoned that since investigations and comparisons by the county board of review last spring showed that real estate was assessed in 1919 at about 85 percent of its true cash value, a general 25 percent reduction in the valuation of real estate would place it near a par with personal property, which it is estimated, will average about sixty percent of the valuations this year, on which taxes will be paid in 1921.

It is also argued that the reduction should be made on real estate only because the value of improvements would not vary much from the prices fixed in 1919.

The total taxes in Rush county this year, on which taxes will be paid in 1921, amount to \$68,955,220. This less than last year when the total was \$69,556,555. A little less than half of the appraised value of all classes of property falls on real estate. The total value of all land in the county for taxation purposes is \$41,025,015 and the value of lots is \$7,578,340. Improvements on real estate are valued at \$3,771,085.

STORES TO REMAIN OPEN Prepare For Christmas Rush The Last Five Days

In preparation for the usual Christmas rush which is due this week, Rushville merchants will keep their stores open in the evenings this week for the benefit of late shoppers. Many find it impossible to trade during the day time and it is work the accommodation of this class that the stores will not close at six o'clock as usual the last five days before Christmas.

Business men report good business Saturday. There was a large crowd of Christmas shoppers in the city today.

APOPLEXY FATAL FOR MRS. ELEANOR J. MULL

Prominent Woman Expires Following
an Attack Suffered on
The Sunday Before

FUNERAL TUESDAY AFTERNOON

Eleanor J. Mull, a highly respected and prominent woman of Manilla died yesterday morning at 7:45 at the family homestead, death being caused from a stroke of apoplexy which she suffered on the Sunday before. Mrs. Mull was in her 81st year, and would have reached that birthday on January 28, had she lived.

The deceased was born in Bloomington, Franklin county, January 28, 1840, and was the daughter of Nimrod and Mary Masters Kerriek. She was married to Cyrus Mull at Milroy on September 17, 1857, and lived in Manilla for 65 years, Mr. Mull having preceded her in death several years ago.

The deceased is survived by two children, Thomas K. and Mary M. Mull, both of Manilla. One brother, Thomas Kerriek an attorney at Bloomington, Ill., and a sister Mrs. W. H. Bracken of Brookville, also survive.

The funeral services will be held Tuesday afternoon at one o'clock at the late residence by the Rev. C. S. Black of this city and the Rev. M. made in East Hill cemetery.

RUSHVILLE FORTUNATE IN ESCAPING THEFTS

Shelby, Johnson, Bartholomew and
Jackson Counties Have Epidemic
of Burglaries

PRECAUTIONS AT SEYMOUR

Rushville has been especially fortunate by not having been visited by the burglars which have made life for the people of Johnson, Shelby, Bartholomew and Jackson counties one continual nightmare during the last few weeks. It is a poor night which does not produce a first class burglary in one or more towns in these four counties. The county seats, Columbus, Shelbyville, Brownsburg and Franklin, as well as other towns in these counties, especially Edinburg and Seymour, have been put on the defensive by the continued robberies.

The people of Seymour reached the stage where they demanded drastic action and it has been taken by the mayor and the city council. Holdups have been a nightly occurrence here and practically every night if a robbery is not committed, attempts are made and the burglars are frightened away.

Two extra plain-clothes men have been employed to help the police and fifty citizens have been deputized as special policemen. The plan is to have one man with police power in each block. They are subject to call at any hour in the night in case of a burglary scare.

BERT NEW NOMINATED

Washington, Dec. 20.—President Wilson has nominated Bert New of Indianapolis to be collector of internal revenue of the district of Indiana.

HOMEMADE CIDER IS NOT ILLEGAL

Ruling of Attorney General Will
Bring Sigh of Relief to Fellow
With Some in Cellar

UPSETS FORMER RULING

Internal Revenue Bureau Previously
Decreed Owners of Cider Were
Subject to Fine

No longer need a man with hard cider in his home be cautious. The United States attorney general, in a ruling given to the secretary of the treasury, has reversed the internal revenue bureau by deciding that the manufacturer of cider is permitted to keep it in his cellar even after it has become intoxicating by fermentation. The bureau of internal revenue had previously decreed that homemade cider must be "non-intoxicating in fact" although not necessarily containing less than one-half of one percent.

Secretary Houston asked for an opinion as to whether the term "non-intoxicating cider and fruit juices" means non-intoxicating in fact or containing less than one-half of 1 percent of alcohol. The phrase occurs in Sec. 29 of the prohibition act, which permits the manufacture of non-intoxicating cider for use in the home without a permit.

In answer, the attorney general held that the expression meant containing less than one-half of 1 percent, but added:

"In view, however, of what I understood Sec. 29 to mean, I am sure it would be misleading for me to content myself with this direct answer to your question."

Congress intended by Sec. 29 to prohibit the sale, but not the manufacture of intoxicating cider for use in the home, the opinion said.

"Congress seems to have recognized the peculiar nature of cider," the attorney general declared. "When the juice of apples is pressed out the immediate result is cider. When this is done an intoxicating liquor, even within the definition of the prohibition act, has not been produced. But fermentation very shortly sets in, producing alcohol, and all that it is necessary to convert the cider into an intoxicating liquor is the lapse of a short time."

"Broadly speaking, one who has manufactured cider which has not yet had time to ferment has not manufactured intoxicating liquor."

Sec. 29 has manifestly sought to make it clear that it was not intended that one who manufactured cider and kept it in his home for beverage purposes until it fermented would be guilty of possessing intoxicating liquors unlawfully, the opinion stated.

"Sec. 29 says that to manufacture this cider for use in the home shall not be unlawful," Mr. Palmer asserted. "Obviously it does not mean for immediate use or necessarily for use before it has had time to ferment. I think clearly the provision means that after being manufactured as sweet or non-intoxicating cider it may be kept in the home for future use without violating this statute."

Possession of intoxicating liquor is not prohibited by the eighteenth amendment, the attorney general explained, and the only offense against the enforcement act which a manufacturer of cider for use in the home could be guilty of would be having it in his possession after it ferments and produces alcohol.

SANTA CLAUSE IS JUBILANT TODAY

Happy Not Only Because of \$50
Check But Because Little Folks
Are Remembering

THREE OF THEM GIVE TO FUND

Lloyd George, 6, and Walter George,
4, Contribute Money Which
They Earned

Previously reported ----- \$313.59
Woman's Relief Corps ----- 5.00
Lloyd George ----- .25
Walter George ----- .25
Chas. E. Francis Co. ----- 50.00
Salvation Army kettle ----- 37.60
Mrs. Eve Gowdy and Mrs. R. E. Mansfield ----- 5.00
Industrial Club ----- 5.00
Walter B. Keaton ----- 2.00
Total ----- \$418.69

Santa Claus was jubilant today because he had just cause to be not only because there was a check for \$50 received for the fund today, but because the little folks have demonstrated that they have not forgotten, their more unfortunate friends.

Three youngsters today made contributions to the fund which will be used to make the children of Rushville happy. Lloyd George, age six, and Walter George, age four, sons of Mr. and Mrs. Frank George of North Perkins street, worked stacking wood for their father to earn the fifty cents which they contributed.

The fund today passed the \$400 mark and now gives promise of reaching last year's mark, \$550. Many friends of the unfortunate tiny tots of the city who have not yet given anything to the fund, are expected to come in the final week and help swell the total to unexpected proportions. The Salvation Army kettle did nobly Saturday by adding close to \$40 and all of this week it will undoubtedly bring in a handsome sum because of the streets being crowded most of the day with Christmas shoppers.

The lists of children to be remembered by the fund and the aged couples who are to receive baskets of food for a Christmas dinner, have already been completed and plans have been made for the buying and distribution.

J. T. AIKIN RESIGNS AS U.P. PASTOR HERE

Local Pastor Quits Charge After
Almost Five Years of Service
to go to Aurora, Ill.

ANNOUNCEMENT MADE SUNDAY

The Rev. John T. Aikin, pastor of the First United Presbyterian church in this city, yesterday tendered his resignation to the congregation, which will become effective as soon as it is accepted by the Indiana Presbytery, which will meet here on December 30 for that purpose.

The Rev. Mr. Aikin has been in charge of the local church for almost five years, and stated today that he regretted to leave here, but in accepting a charge at Aurora, Ill., he considered the change beneficial.

Before coming here, he was in charge of a church at Pittsburg, Pa. and it will be five years in February since he came here. The Indiana Presbytery will convene at the local church on Thursday, the 30th, for the purpose of considering his resignation, which no doubt will be acted upon favorably.

The other Protestant churches of the city will hold a union farewell service for Rev. and Mrs. Aikin on Sunday night, Dec. 26 or Jan. 2.

ANOTHER FINE IS ASSESSED

In police court this morning Charley Pea was found not guilty of the gaming charge, when heard before Mayor Irvin. Pea was one of three who entered pleas of not guilty to the charge when arraigned with the big number of others Friday morning, as mentioned by Hokey as being guilty to gambling at the soft drink parlor in the western part of the city.

Pea proved to the satisfaction of the court that he was at work at a local foundry on Sunday night, when he was alleged to have been in the soft drink parlor.

The case of Ralph Pea will be heard in the morning and that of Ralph Wagoner tomorrow afternoon. The charges are the same as the one this morning. Jesse Winkler and John Alsop will be tried Wednesday morning for renting the building for gambling purposes.

Walter English was arraigned before Mayor Irvin Saturday afternoon and paid the fine of \$5 and costs for gaming. He was also implicated by Hokey.

INDIANAPOLIS BANK IS LOOTED

Theft of Between \$6,000 and \$15,000
at Indiana National is Disclosed Today

ENTER THROUGH SKYLIGHT

Yeggmen Fail to Force Big Vault
But Steal Currency in Book
Vault, Second Daring Robbery

(By United Press)

Indianapolis, Ind., Dec. 20.—Yeggmen looted the book vault of the Indiana National bank of between \$6,000 and \$15,000 either last night or Saturday night, it became known today when the bank doors were opened.

The robbers entered the bank through a skylight and took paper money deposited by customers last Saturday afternoon. Silver and checks were left untouched.

Frank Stalnaker, president of the bank, said that until after a careful check, the exact amount of the loot could not be determined, but stated that he believed the amount would be between \$6,000 and \$15,000.

The two story structure is located at Pennsylvania street and Virginia Avenue. This is one of the prominently located corners in the city and the robbery was equal or surpassed in daring that of Selig's cloak and suit house, a block distant where \$11,000 worth of fur coats were taken Saturday night.

The robbers failed to force the main vault and the money taken was that left in the book vault after the big vault had been closed for the day.

Through a number of finger prints found on doors and showcases at the place, detectives today hoped to get some clue that may lead to the identity of the burglars who broke into the Selig store.

An examination of the finger prints on the glass cases from which the furs were taken was made today by Bert Perrott, Bertillon and finger print expert for the police department, and Detectives Manning and Reynolds, and the impressions taken are to be compared with the records in the Bertillon department.

Detectives believe that the finding of several blood stains on the broken glass, also may aid to serve them in their investigation of the case.

Police departments in all surrounding cities and towns have been notified of the robbery and have received descriptions of the missing articles.

The loot consisted of valuable fur coats, coats, wraps and scarfs of sable, mink, squirrel, Hudson seal and fox. The inventory made by officials of the store showed that thirty-one pieces are missing.

A Yuletide Blessing

By Ralph Hamilton

CHRISTMAS CHEER was in the air everywhere. The sleigh bells had a special tone for Ned Graham as he sped over the glittering snow homeward bound, the melodious clang of the skates along the river course made perfect music to his enraptured ear, the stars appeared to shine with a new luster—and all for him, he almost fancied, on this the first Christmas eve he could remember where peace on earth, good will to men had a real vitalizing meaning, and himself a part of it all!

Left an orphan at eight, for five years he had been the slave of a miserly old being. Then Victor Wade, a distant relative, and his wife Alice had taken Ned to their humble little home.

"You have no children of your own and a blessing will come to you for caring for this poor outcast," the village clergyman had told them, and indeed his words had come true. He nestled down into their hearts and gave them an obedience and love.

And Ned as well shared the shadow that hovered over their lives. Alice was the only daughter of the richest man in Brompton. She had married Wade against the wishes of Martin Brill, who had from that hour shut both of them out of his life.

"He can't treat my dear, good mother that way!" declared Ned sturdily to a chum. "Some day I'm going to let him know how mean he is to the best two people who ever lived."

Mr. and Mrs. Wade had gone to a Christmas entertainment and Ned was speeding homeward full of holiday plans.

Dashing through the gateway Ned came to a sudden halt. A light showed in the parlor, the porch window of the room was open, and plainly visible inside was a rough-appearing man tossing over the packages grouped under the little tree.

"It's a burglar!" gasped the startled Ned, "and stealing our Christmas presents! Hey, you! get out of there or I'll shoot you full of bullets!" and

A Rough Appearing Man Tossing Over the Packages.

Ned ran to the window, drew a revolver from its case and presented it in menacing view.

The intruder turned, dashed from the room into the hall and disappeared. Vallantly triumphant, Ned went back to the parlor, for the first moment noticing a small satchel lying open on a chair. It somewhat thrilled him to observe strange-looking articles of steel within.

"Burglars' tools!" whispered Ned, fairly awed. "And here's a great big wallet stuffed full of papers and bank notes, and right across it is stamped the name of 'Martin Brill' in gilt letters. Say! This fellow must have robbed the old man before he came here."

Half an hour later Ned stood in the garden of the Brill home. Gazing into the one lighted room of the place he saw Brill tied to a chair and striving to dislodge a gag in his mouth. He was frantic; he tore his hair; incoherently he babbled forth the visit of a night marauder as Ned released him.

"You're the Wade boy, aren't you?" he quavered. "You've done me a good turn. Do another. Call the police."

"Say," interposed Ned, "if you'll come with me I'll see that you get your wallet back."

"What—why—come with you—where?"

"To your daughter's home. A funny thing has happened, and if you want your wallet back you've got to go with me there."

Half distracted, fully mystified, Martin Brill consented to the strange proposal. Arrived, Ned told his story, produced the wallet and restored it to its owner.

"Oh! Ned, you've won my eternal gratitude!" cried the delighted old man, but paused abruptly, his eyes fixed upon a decorated framed portrait of himself.

"Mr. Wade got the holly for that," said Ned, "and your daughter trimmed it. They do that every year."

Martin Brill sat staring at the portrait, a dim mist crossing his eyes. Ned stole quietly from the room as he heard footsteps on the front porch.

"Sh-h!" he whispered, reaching it. "Mother, you've got a visitor."

"Why, who is it?" asked Alice surprisedly.

"Santa Claus, I'm thinking," was the prompt response—and it was.

A Tariff at Once

Some commendation is due to the ways and means committee of the house of representatives for planning an early consideration of the tariff question because that was one of the pledges of the republican platform and should be redeemed at the earliest possible moment consistent with the question in hand.

No definite action can be taken until the special session has been convened in the spring, but action will be hastened by hearings which are to be held, beginning in January, on the various schedules of tariff legislation under republican principles. The purpose is to impose import duties which shall represent at least the difference in cost of production in the United States and in foreign competing countries. There is no purpose to impose a prohibitive import duty except possibly in some particular industry which is vitally important for the welfare of the country and which experience has shown is endangered

ASPIRIN

Name "Bayer" on Genuine

Take no chances with substitutes! Unless you see the name "Bayer" on package or on tablets you are not getting genuine Aspirin prescribed by physicians for twenty-one years and proved safe by millions. The Aspirin only as told in the Bayer package for Colds, Headache, Neuralgia, Rheumatism, Earache, Toothache, Lumbago and for Pain. Handy tin boxes of twelve Bayer Tablets of Aspirin cost few cents. Druggists also sell larger packages. Aspirin is the trade mark of Bayer Manufacture of Monoacetic-acidester of Salicylicacid.

by "dipping" practices followed by our foreign rivals.

The measure of protection needed by any industry is a question of fact which must be determined by taking the testimony of men in a position to speak with authority. Undoubtedly the Tariff Commission has gathered some facts which will be of value. These facts can not be accepted, however, without opportunity for presentation of other facts within the knowledge of American citizens who would be affected by tariff legislation.

The immense quantities of Canadian wheat which have been shipped into the United States in recent months, the importations of butter from Denmark, and of hides and meat from Argentina, wool from Australia, vegetable oils from the Orient, and cotton manufactured good from Great Britain, are all indications of the keep competition practically all American industries must meet within the few years. America has no desire to close her doors against foreign importations. The nation does desire, however, to impose such an import tax as will equalize conditions for the American producer, so that American labor shall not be compelled to compete at a disadvantage with the cheap labor of other countries.

It will be well if business men—producers and consumers—follow closely the reports of the hearings before the Ways and Means Committee, next month. A tariff bill is to be framed in the interest of the whole country in behalf of all classes of producers and not in behalf of any one section or class. Free discussion of the subject and communication with Members of Congress by men who have information concerning costs of production and the extent and effect of foreign competition will be of assistance to Members of the Senate and House of Representatives.

If this immigration stunt keeps up much longer we Americans can just slide over to the old countries and make ourselves blissfully at home. There'll be no one left there to say us nay.

"All work and no play makes Jack a dull boy", they say. And, we might add, all play and no work makes him a mollycoddle.

Patience, we suspect, is an overstrained virtue when waiting for a rich relative to kick off.

When two braggarts engage in a wordy war each one furnishes his own applause.

The man who does things never has to sprint to keep up with his fellows.

Talk is cheap at a safe distance.

BANDITS SNATCH FURS FROM BACKS OF WOMEN

500 Fur Coats Were Stolen From Women Last Year, Says L. C. Greenburg

TEN FUR STORES ROBBED

Chicago, Dec. 20—Bandits have started snatching fur coats from backs of Chicago women, according to police reports, and many women of Chicago's "Gold Coast" now leave their expensive furs and wraps home at night, wearing garments of ordinary textures.

"Five hundred fur coats were snatched from the backs of women last year", said L. C. Greenburg, secretary of the Associated Fur Industries. "From present indications the record will be equalled this winter".

Greenburg, whose organization was formed to protect fur merchants and manufacturers from

burglary, said that furs valued at \$500,000 were stolen here during the last year. He alleged the fur thieves have the backing of a powerful fur thieves' trust that has "fences" in all large cities.

Police reports show that ten fur stores have been robbed recently of \$70,000 worth of furs and that many women and girls have had their coats stolen from the backs at the point of revolvers.

Greenburg said that fur-snatchers and bandits get only 15 percent of the value of the coats from the "fences" through whom they deal. He said the "master mind" of the

"fur thieves trust" direct the places to be robbed and gets most of the proceeds.

JOHN LEWIS RE-ELECTED

Vote in Mine Workers Union is Victory for Conservatives

Indianapolis, Ind., Dec. 20—John Lewis, has been re-elected international president of the United Mine Workers of America, Ellis Searles, editor of the Union Workers' Journal, said today.

He based his assertions on in-

complete returns from the union election held December 14. Unofficial returns have been received from every district in the country but none of the districts is complete.

Mr. Lewis has administered a crushing defeat to Robert Harlan of Washington, candidate of the opposition, Searles stated. It is stated the majority for Lewis will be a landslide and a victory for the conservatives.

Shaw, Local Floor Guard, Shoots Basket From Center of Floor in Last Minute of Play

BLUE RIDGE LOSES, 22-21

Odd Fellows Tuesday Night Meet Arlington, Which Defeated Fern-dale Five in Indianapolis

The Odd Fellows basketball won out Saturday night at Blue Ridge by the close score of 22 to 21, the game being won in the last minute of play when Shaw, local floor guard sent in the ringer from the center of the floor.

The Odd Fellows will line up here tomorrow night with the Arlington Athletic club, and a big game is expected by all of the fans. Arlington won Saturday night from the Ferndale club in Indianapolis by the score of 21 to 13. The Ferndale team won the independent championship of Indianapolis last year.

In the game Saturday night the Odd Fellows showed real class, and kept even with the Blue Ridge team from beginning to end. The first half ended 18 to 17 in favor of Blue Ridge, and in the last half they were unable to make a field goal, getting their three points on fouls.

In the second half Blue Ridge began to go away and when the score stood 20 to 17, it looked doubtful for Rushville, but quick action and consistent playing won the game. For several minutes before the end, the score stood 20 to 20, and excitement was at high pitch.

Blue Ridge plays a return game here in January. The game tomorrow night will be preceded by a curtain raiser between the two high school teams from Arlington and the Webb school. Additional seats have been installed in order to take care of the increasing crowds.

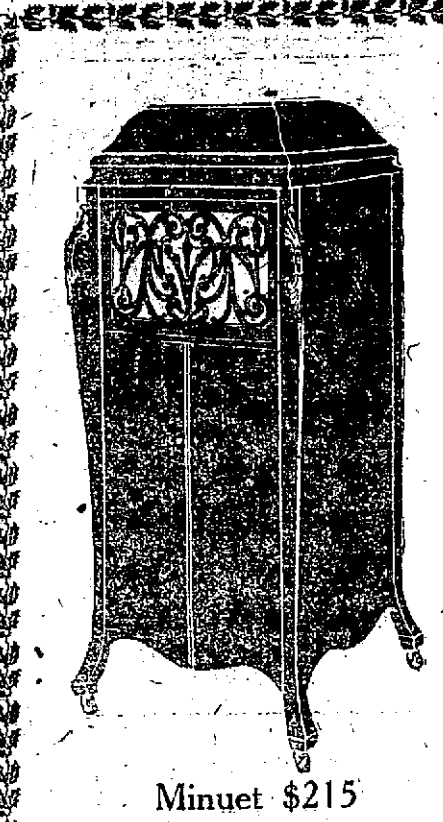

The score and summary:
Odd Fellows (22) Blue Ridge (21)
Titsworth F. Rockefeller
Hillgoss F. Marshall
Martin C. Tillison
Shaw G. N. Marshall
Petty G. Wagner

Substitutions: Rushville, Seales for Hillgoss; field goals, Titsworth 3, Hillgoss 3, Martin 3, Shaw, Tillison 4, Rockefeller 3, Marshall. Foul goals, Rockefeller 5, Titsworth 2. Referee Keppel.

Amusements

Charles Ray Here Two Days
Wade Boteler, remembered for his brilliant portrayal of the mess sergeant in Douglas MacLean and Doris May's recent comedy of youth and laughter, "Twenty-three and a Half Hours' Leave" has become a popular figure at the Thomas H. Ince's Studios in Culver, City, California, where he has been assigned several important roles in support of Thomas H. Ince stars.

Audiences who enjoyed Boteler's work in the MacLean-May vehicle, will have an opportunity of viewing him in a still better role in "An Old-Fashioned Boy," starring Charles Ray, which comes to the Princess Theatre today and Tuesday. This shows him in a splendid interpretation of the "villain" in the play. "An

A New Adventure in Friendship

"My husband claims his dog is his most satisfactory friend. I claim mine is Sonora," declared a young matron the other day.

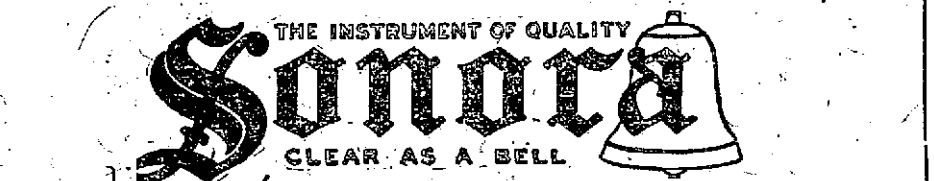

Well might she say it.

Sonora offers versatile companionship for every occasion and mood.

Its graceful appearance and high-grade cabinet work lend beauty and culture to the home.

Its world-wide reputation is a pleasant and flattering thing to be associated with.

But best of all, its uniquely human quality of tone gives it a beloved personality which makes it warrant that highest praise—"true friend."

All makes of disc records are played perfectly by Sonora.

All graduation of volume, from the softest strain for an audience close at hand to the powerful swell for a large concert hall, can be had on Sonora without the slightest impairment of clarity and beauty of tone. A tone modifier which controls at the source instead of the exit, accomplishes this.

Rewinding after every other record is unnecessary on Sonora. An extra long-running motor plays from 15 to 45 minutes (according to the model) at a single winding. There is no pounding or thumping with a Sonora motor. It runs with the silence and reliability of a delicate, jewel-movement watch.

Metallic harshness and "blurring" of tone is never heard on a Sonora. Its vibrating tone passage, especially designed by scientific, patented process, prevents this. The mellowness of wood and the exclusive features of construction produce a tone as warm and rich and vibrantly alive as the original.

You have only to hear the Sonora tone once to understand why a competent jury of experts at the Panama-Pacific exposition awarded highest score for tone to the Sonora phonograph. It is the master of phonographic music.

Old-Fashioned Boy," adapted to the screen by Agnes Christine Johnston was directed by Jerome Storm and is a Paramount picture; Ethel Shannon is Mr. Ray's leading woman.

"Respectable by Proxy"
You would hardly expect any man to need an introduction to his widow; in fact, you wouldn't expect a man to be able to meet his widow, but both of these happen in "Respectable by Proxy," the romantic comedy that J. Stuart Blackton has concocted with a generous dash of spice.

Robert Gordon enacts the role of the young Southern gentleman whose guilelessness leads him into the trap of a scheming fourth-rate actress. Six days after their marriage he is hot-footing it for Siberia where he hopes for kinder treatment.

A year later he returns to his ancestral home to find his mother and wife mourning him as dead, he having been reported missing in a shipwreck. But the wife he finds in this home is not the wife he left, but a very sweet and gentle and refined person whom he falls madly in love with, and when you consider that it's beautiful Sylvia Breamer, you can't blame him at all.

At the psychological moment enter the real wife and a villain who thinks he has set the stage for a nice little denouement. No one could ask for a better climax than the one that brings "Respectable by Proxy" showing today and tomorrow at the Mystic Theatre to a successful termination.

BIG GAME OF LOCAL SEASON WEDNESDAY

While Not Decisive, Milroy Contest Will Point The Way to District Honors

VISITING FANS ARE COMING

Probably no other basketball game on the high school schedule will attract as much interest as the game which will be played here Wednesday night, when the Milroy team comes here for a return game, after giving the local team a beating on their floor about a month ago.

The local players have recovered from the effects of the Shelbyville game, and expect to be in first class shape for the big game. While the game will not be decisive, yet it will end to point a good way toward the winner of the district honors here in March.

It is needless to say that Milroy will bring a big rooters gang with them, and the local management will reserve a few hundred seats for them. The doors will not open until seven o'clock.

A preliminary game will be played between the local second team and the first team from the Glenwood high school, beginning at 7:15 Wednesday night.

Stansbury to Establish Auto-Theft Bureau in Indianapolis

Indianapolis, Ind., Dec. 20—When Attorney General Ele. Stansbury goes out of office, he will fight automobile thieves, he has announced. The attorney general will establish an Anti-Auto-Theft bureau in Indianapolis and will put into operation a system which he believes will practically stop automobile stealing.

Stansbury has sent a letter to every sheriff in the country asking him to induce every automobile owner in his territory to send in their names and license numbers. The owners thus registered will form a Vigilance Committee in each county, Stansbury says. The vigilance committee and Stansbury's bureau would cooperate to prevent automobile thefts.

300 YEARS AGO THE PILGRIMS LANDED

Plymouth, Mass., Celebrated The Anniversary Today Almost on the Spot Where They First Set Foot

STAGED IN COLONY THEATRE

Hundreds of Direct Descendants of Pilgrims Were There to do Honor To Their Ancestors

Plymouth, Mass., Dec. 21—Three hundred years ago today in the bitter cold of a northern winter, a little band of intrepid men and women seeking freedom of religious thought and action disembarked from their staunch little vessel the Mayflower, and started the first settlement in the wilds of what is now Massachusetts.

The three hundredth anniversary of the landing of the Pilgrims was celebrated here today almost on the very spot on which the first settler set foot. Ceremonies commemorating the day were carried out in the shadow of historic Plymouth Rock. Hundreds of direct descendants of the Pilgrims were here to do honor to their ancestors.

The ceremonies were staged in Old Colony Theatre, in which were assembled scores of prominent men and women of the nation and representatives of foreign countries.

Among those who took part in the ceremonies were, Calvin Coolidge, vice-president-elect; Sir Auckland Geddes, Ambassador from Great Britain; General Robert Georges Nivelle, representing France and many others.

Louis K. Liggett who presided at meeting presented Vice President-elect Calvin Coolidge, who in a brief address paid tribute to the work of the Pilgrim Tercentenary Commission, which arranged the celebration, and spoke on the landing of the Pilgrims.

Senator Henry Cabot Lodge, a Pilgrim descendant, made the principal address of the celebration on the "Pilgrims of Plymouth". He painted a vivid picture of the landing of the little band of settlers in a wild and unknown country in which they were beset by many dangers in their efforts to establish homes. Outlining their reasons for seeking homes in an unknown country, Senator Lodge described their trials in the years which they sought to gain a living from the virgin soil. He told of their mode of governing themselves and of their struggle against the Indians.

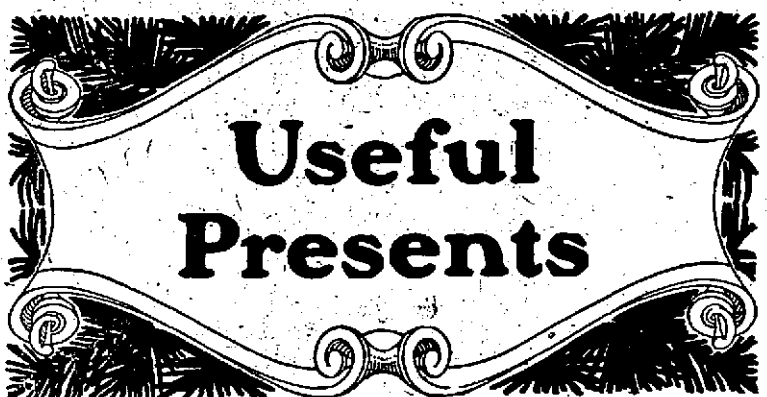

Following Senator Lodge's address, the audience, led by Rev. A. B. Whitney, of the First Church of Plymouth, knelt in prayer for several minutes.

Plans now under way to beautify Plymouth harbor, removing unsightly wharves and waterfront property and making it a natural park in the center of which will stand the weather-beaten Plymouth Rock, were explained to the audience.

The decorations in the theatre were reminiscent of the early days of Massachusetts and the Pilgrim settlement, and the ushers, members of the Boston Women's Club, were dressed as Pilgrim maidens.

After a luncheon the visitors and distinguished guests were taken to the historic scenes in old Plymouth where they heard again the story of the landing of the Pilgrims.

Efficiency at the Throttle

THE automobilist appreciates good gasoline most when he steps on the throttle and notes the efficiency in performance of his engine—blueprint efficiency alone means little to him.

Knowing this, the Standard Oil Company (Indiana) has devoted much of its energy to the development of a motor gasoline which not only stands the grueling test of research laboratories, but which has proved its efficiency in thousands of cars operated under every-day road and weather conditions.

The Company has studied the needs of the motorist at first hand, and has developed Red Crown, its motor gasoline, to a point where it meets exactly the needs of the automobile engine operating under conditions obtaining in the Middle West.

The efficiency of Red Crown symbolizes the spirit which animates the Company as a whole in its endeavor to render an intelligent, efficient service to the public generally.

The tremendous increase in the number of automobiles and trucks from 1,253,000 in 1914 to 7,459,507 in August, 1920, has made more apparent than ever the absolute necessity of a comprehensive, dependable system of distribution.

The development of such a system has changed from something merely desirable to something vitally necessary. The best gasoline in the world is useless if you cannot get it when you want it.

Every step from refining to final delivery is of such importance to the Standard Oil Company (Indiana) that its interest never abates until its gasoline is delivering maximum motor mileage; until its lubricating oils are helping do the work of the world to the satisfaction of the ultimate consumer.

The greatly increased yield of gasoline which this Company has been able to recover from the crude obtainable has been accomplished without sacrifice of quality.

Red Crown and Polarine performance are the best proofs of Standard Oil Company (Indiana) service.

ROTARY CLUBS TO AID RELIEF WORK

750 Organizations in United States
Appealed to For Aid in European Relief Campaign

HERBERT HOOVER PRESIDENT

Relief Council is Expecting to Raise
\$33,000,000 in This Country
For Their Work

Chicago, Dec. 18.—The 750 Rotary Clubs of America have announced their active participation in the Hoover \$33,000,000 European Relief Campaign. Chesley R. Perry, General Secretary of the International Rotary Clubs, with headquarters at 910 South Michigan Avenue, issued an official appeal today to Rotarians throughout the United States to throw their influence and personal assistance into the work of the European Relief Council of which Mr. Hoover is Chairman.

"We are sending out printed word to every Rotary Club Officer," said Mr. Perry, "asking him to cooperate with the Hoover organization in this city, to help spread publicity for the movement and to assist in the money raising enterprise which we deem the most worthy before the American public today. Mr. Hoover's appeal to save the 3,500,000 starving children of Europe represents a call to the practical Christianity or humanitarianism of the nation.

"Our letters are going to every Rotarian in the country. This means that every city in the United States will have from 50 to 500 influential business men devoting themselves to the work of helping the Hoover organization put over

G. H. HILL of Brattleboro, Vt., who says he never felt better in his life than he does now, although before taking Tanlac he was in such a run down condition he wasn't able to do a day's work for three months. Says he has gained thirty pounds.

"It may sound unreasonable, but when I began taking Tanlac I only weighed 114 pounds and had not been able to work for over three months. Today I have as much strength and energy as I ever had and have actually gained 30 pounds in weight. In fact, I have never felt better in my life, and I owe the remarkable change in my condition to Tanlac and Tanlac alone.

"To tell the truth, I don't know what would have become of me if it hadn't been for this medicine, for I had just about lost my health completely and the treatment I was taking was doing me no good. In fact, I hardly had strength enough at times to walk across the room.

"My principal trouble was indigestion, and I also suffered from catarrh and nervousness. My stomach was in such a weakened condition that I rarely ate any breakfast and had to live on a very restricted diet.

"After reading about Tanlac I decided one day to give it a trial, and it seemed to suit my case perfectly, for in only a short time I was able to go back to work. I just want to be eating all the time now, and everything—even onions and pork—agrees with me perfectly. I shall always praise Tanlac."

The above statement was made recently by G. H. Hill, a well-known and highly respected citizen of Brattleboro, Vt.

Tanlac is sold in Rushville by F. B. Johnson Co., in Milroy by Dallas Copper, in Manilla by Geo. J. Inlow, in Arlington by Mrs. L. T. Davis, in Carthage by Otto C. McCarty, and in New Salem by Mrs. Jos. Hankins, R. R. 2.—(Adv.)

its campaign. We intend not only to stir up enthusiasm for the campaign among ourselves but to participate actively in spreading this enthusiasm in all the communities in which we have representation, in working hand in glove with the Hoover organization existing in each of these communities. There is no doubt but what the American business man, practical and substantial though he is, regards the Hoover campaign to save a generation of children from starvation next year one of the most essential projects in our national life.

The European Relief Council is appointing state and sectional directors throughout the nation. Prominent men and women are giving their time and money to head up the comprehensive relief drive which the Council has planned for the ingathering of the \$33,000,000.

Mr. Hoover will arrive in Chicago today (Friday) to confer with local leaders of the European Relief Council concerning their plans for working out this campaign.

C. C. DEAM PLANTS 3 ACRES WALNUT TREES

State Forester is a Firm Believer of Planting Walnut Trees to Re-forest This State

IS MOST VALUABLE TREE

Indianapolis, Ind., Dec. 20.—Charles C. Deam, state forester for the department of conservation, is a firm believer and constant advocate of planting walnut trees in the plan to reforest this state. He thinks so well of the walnut that he planted three acres surrounding his home at Bluffton with this species. Mr. Deam planted the walnuts, spacing them eight feet apart. He expects the trees will be developed sufficiently in fifteen years to bear a valuable nut crop, the market for which is now strong and with indications of improvement. Mr. Deam favors the walnut for planting in small tracts set aside for forestry, as well as for roadside planting, from the fact the trees do not produce an overabundance of shade which might kill vegetation at their roots, and also from the fact when the timber is of marketable size, it always commands a handsome price. Walnuts better than most species, can withstand the attacks of destructive insects.

IRELAND HAS TOO MANY YOUNG MEN

Labor is Found Backing Decree of Dail Eireann Which Forbids Emigration

DE ROISTE MAKES STATEMENT

Surplus of Labor That Cannot be Used on Tiny Farm Works to Disadvantage of Unionism

By RUSSELL BROWNING (U. P. Staff Correspondent) Cork, Nov. 18 (By Mail)—"The trouble with Ireland is that there are too many young men" said Lord French. These are about the only words of the Ciceroy that are quoted in Ireland. But it is a rare discussion of Irish woes, political or economic, where Lord French's diagnosis is not commented upon.

Allderman Liam de Roiste, Sinn Fein M. P. for West Cork, and one of the leaders in the attempt to divorce Ireland economically from England, prefaced an interview with the United Press with a reference to Lord French's statement. "Ireland has too many young men," said Mr. de Roiste, "if the country is to be kept purely agricultural and Irish industry handicapped by unfair British trade regulations."

"For the moment," continued De Roiste, "the majority of Irishmen are welded together in an endeavor to throw off the British yoke. Labor is found backing a decree by Dail Eireann (Sinn Fein parliament), namely, the order forbidding emigration, which on its face in the present state of industrial development is inimical to their own interest."

"There is a surplus of labor that cannot be used on the tiny farms and that works to the disadvantage of trade unionism. If emigration is completely restricted it will mean the saving to the motherland of forty thousand young men who before the war annually sailed from the port of Queenstown for America."

"They are needed for the Irish Republic Army, and for the factories that will spring up when Ireland is free."

THAT BAD BACK

Do you have a dull, steady ache in the small of the back—sharp, stabbing twinges when stooping or lifting—distressing urinary disorders? For bad back and weakened kidneys—Rushville residents recommend Doan's Kidney Pills. Ask your neighbor! Read this Rushville woman's statement.

Mrs. Will Stout, Cor. N. Oliver & 10th Sts. says: "I can certainly say a good word for Doan's Kidney Pills for they have done wonders for me when I have used them. I was suffering with my back which was very lame and sore. When I did any lifting or stooping, sharp pains would catch me in the small of my back. My kidneys felt dull and they were too free in action. I heard of Doan's Kidney Pills and got a box. They rid me of the trouble in a short time."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Stout had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.—(Adv.)

PANAMA BEAUTY HAS POLITICAL POWER

Granddaughter of Ex-president Le Fevre is Playing Man's Part in Affairs of Her Nation

WIDELY KNOWN IN AMERICA

By RAYMOND L. CLAPPER (United Press Staff Correspondent, with President-elect Harding)

Panama, City, R. P. (By Mail)—A dashing, vivacious black-eyed Panamanian beauty, granddaughter of ex-president Le Fevre, and a social leader of the republic's capital, is playing a man's part in the affairs of her nation, although women are without the ballot here.

All bow down before the large dark eyes of Anita Ehrman, especially her grandfather, who is deeply devoted to her and is a power in Panamanian affairs. And there are others influential in the republic who are suitors for the elusive hand of Anita's brilliant mind that many moves of the chess board of intricate Panamanian politics can be traced.

Of a distinguished family here, descended from Spanish, English and Alsatian French ancestry, educated in the United States, Anita is without the provincialism of many of her countrywomen and this has proved a fortunate factor in the development of Panama's international relations. Widely acquainted in Washington and in the society circles of other American circles, her

cordial feeling and fascinating personality have served time and again to smooth out some irritation. To the surface observer she is a belle of the party, with admirers crowding around her, but to the knowing Panamanian, there is likely serious talk floating over her fan and the quiet chat on the balcony over the peaceful moonlit bay may as likely relate to the affairs of state as to the pretty compliments of Latin gentlemen.

WOULD BREAK THE FAITH

Senator Reed Declares Harding Should Reject The League

Marion, Ohio., Dec. 20—President Harding would be breaking faith of the American people to enter a league of nations which would set up a superior government, Senator Reed, of Missouri, said in a statement issued here.

He indicated however that he believed an association of nations organizations for a conference clarifying disputes, might be helpful toward preventing war. The idea of a referendum of war is impractical, he said.

BALLOTT COUNT NEXT

Washington, Dec. 20—Testimony on the alleged illegal distribution of ballots in the 1918 election in Michigan, between Henry Ford and Truman H. Newberry in the senatorial race, has been completed by the senate investigating committee headed by Senator Spencer of Missouri. The next step by the senate committee in the controversy will be the recounting of the ballots.
